

# Visual LandPro 2000 Schematic

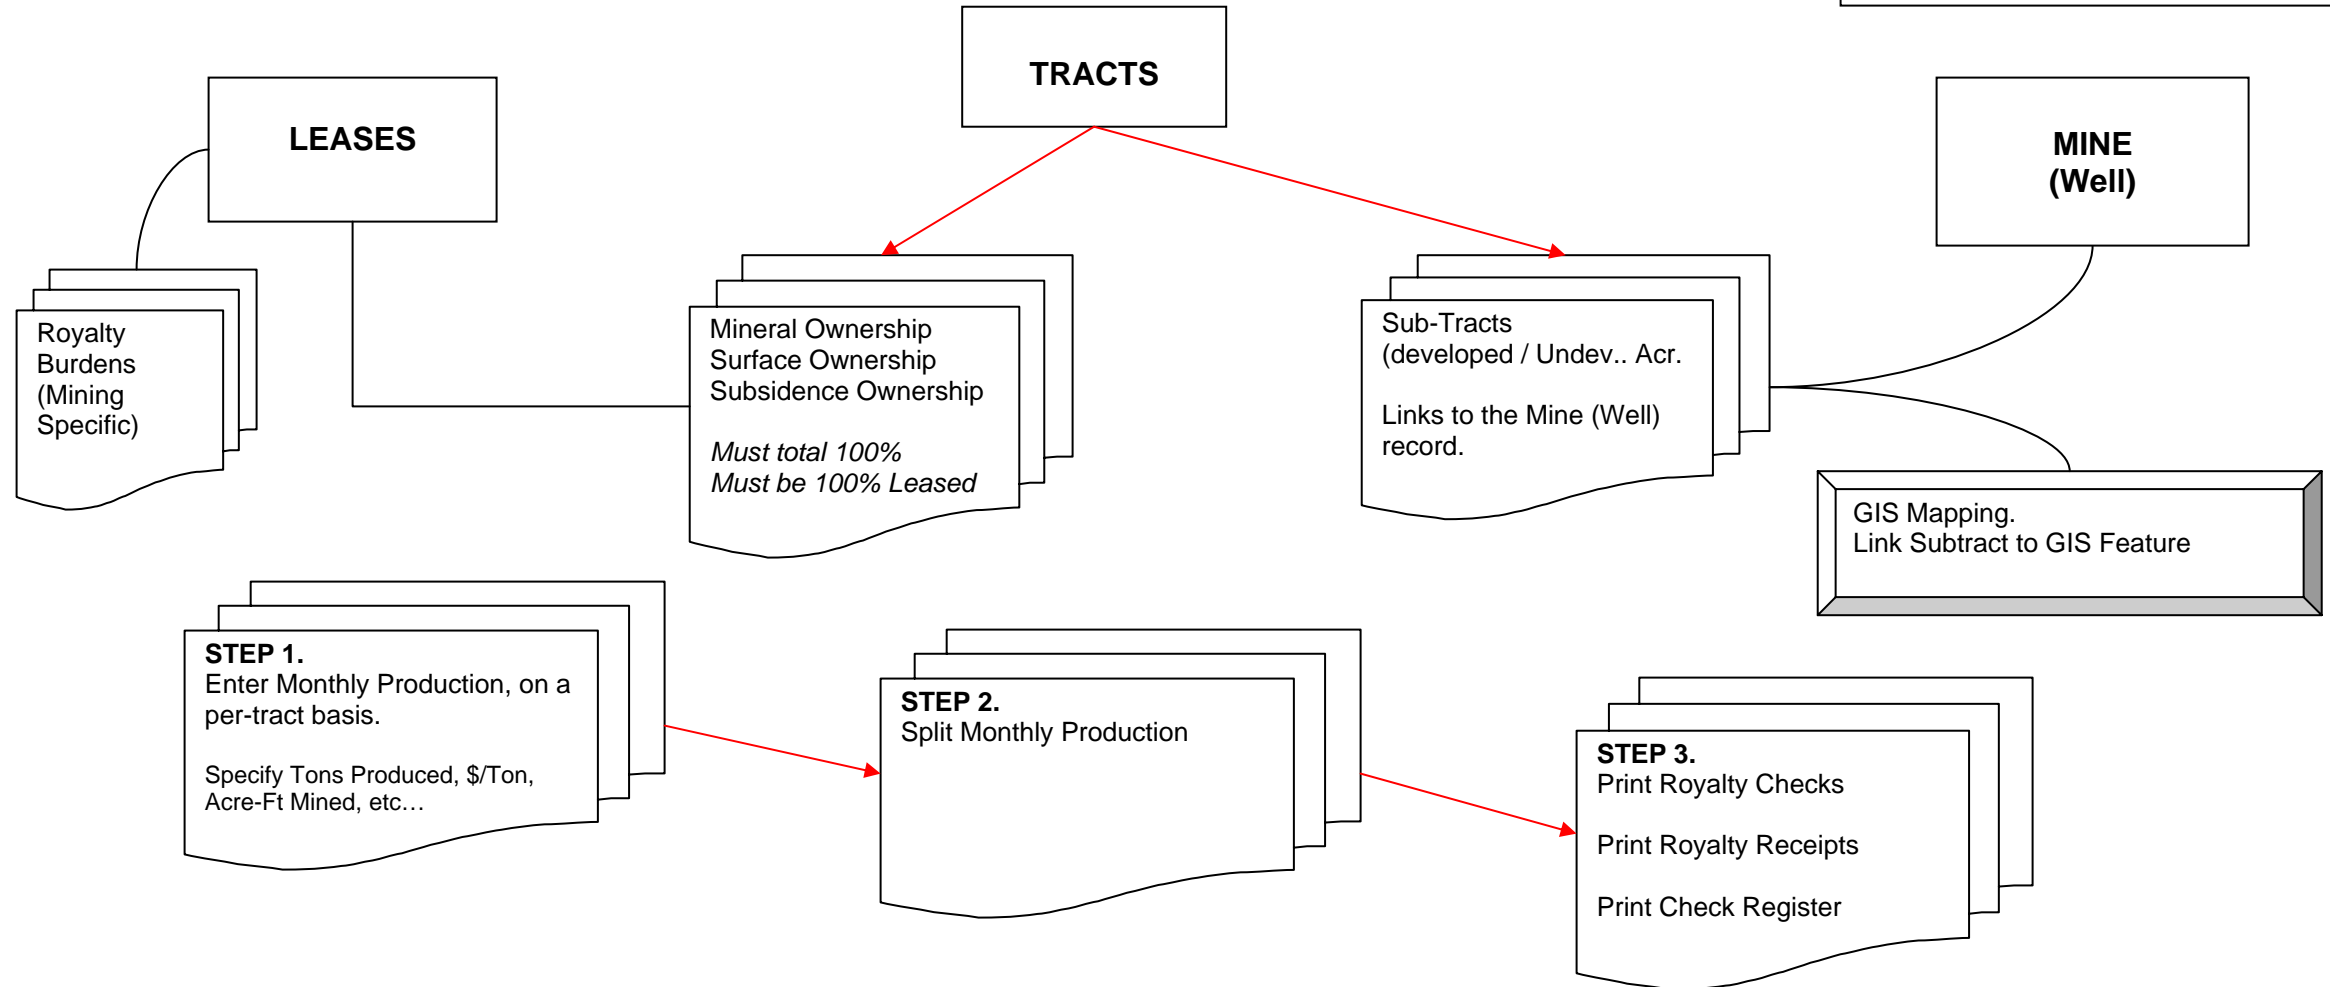

## BASIC DATA ENTRY STEPS

1. Setup **Name & Addresses**.
2. Setup **Prospect**. Id, Name, W.I. Decks, any possible ORRI's.
3. Setup **Survey / Twn-Rng-Sec** records. These records will then be linked to tracts.
4. Setup **LEASE FORMS**. Don't forget the Special Provisions.
5. Setup **Tracts and Mineral Ownership**. Use the **TRACT WIZARD**. Min. Ownership should total 100%
6. Setup **Leases** using the **LEASE WIZARD BY TRACT**.

Sept 21, 2005

## INITIAL SETUP

- 1 Setup Tracts and corresponding Mineral and Surface Ownership information
- 2 Setup Leases. Associate them to the tracts. Specify **Mining Royalty Burdens** in the Lease / Mining Obligations area.

## MONTHLY PROCESSING

- 3 Enter Monthly Mining Production (Tons Mined / Tons Sold / \$/Ton / Acres Mined / Acre Feet Mined / etc...). Print Production Status Report
- 4 Split Monthly Mining Production. Run various "split" reports (by Tract, by Payee, by Lease).
- 5 Print Mining Check Receipts
- 6 Print Mining Checks
- 7 Print Check Register.
